Guidelines for Poly Cart Customers

AS INDICATED BY CODE 17-203(A-P) PUNISHABLE BY \$200 FINE OR UP TO 6 MONTHS IMPRISONMENT

The Idabel Sanitation Department provides each residence with one 95-gallon brown polycart, which will be used for the collection of **bagged** residential trash.

The City of Idabel will collect the trash from these carts in automated trucks that are equipped with a specially designed arm that grasps and empties the containers.

Please contact Customer Service at 580-286-5631, if you need an additional 95-gallon polycart. The staff will assist you with your order and process your request. Each additional polycart costs an additional \$8.00 per month, which is automatically charged to your water bill.

Place the polycart on the curb by 6:00PM **the day before** your trash pickup and remove your polycart from the curb no later than 6:00PM on the day of your pickup.

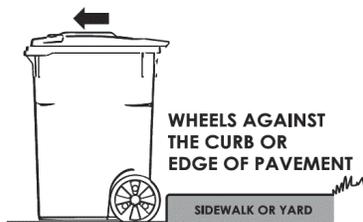

Please, follow these instructions carefully:

1. Always place the container at the curb no later than 6:00PM on the day before your collection day.
2. Make sure you set your cart at the edge of your property next to the street, wheels above the curb, with the handle facing your home or business.
3. Leave at least ten feet of clearance from other containers, parked vehicles, street and lampposts, trees, mailboxes and other obstructions.
4. Return container to side of house by 6:00PM the day of collection.

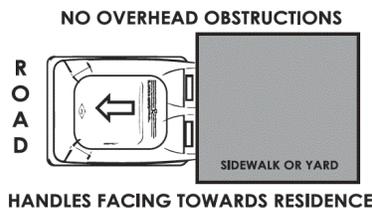

Due to special handling requirements, **DO NOT DO ANY OF THE FOLLOWING:**

1. Overfill your polycart or leave long pieces of debris sticking out of the cart (broomsticks, metal, lumber, or anything too long).
2. Put any liquids, especially motor oil, gasoline, anti-freeze or paint in your polycart.
3. Put hot ashes in the container – always make sure your fireplace ashes and barbecue charcoals are cold and double bagged before placing in the container.
4. Put soil, sand, uncut or untied branches, bricks, concrete, building material, auto parts, scrap metal, tires, and dead animals in the cart.
5. Leave container in the street after your pick up day.

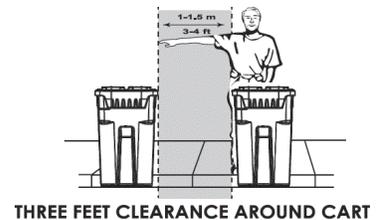

When placing your polycart for pickup please remember the following:

Park it

Point it

Space it
